

ELD LEVEL 1

Language Tree Online

Learn: Connecting Ideas

I like to eat breakfast first **and** then brush my teeth.

Gain the English Skills Needed to Succeed

Language Tree Online ELD 1 accelerates English language acquisition and helps newcomer students adapt to a new school environment. Designed for beginner students in middle and high school, the program follows the latest California, WIDA and TEKS English Language Development Standards.

- **Standards-Based Language Assessments** – gives educators a clear view of each student’s strengths and weaknesses, down to the skill level, for more personalized instruction
- **American School Culture** – supports acculturation and socio-emotional development
- **Standards-based Language Lessons** – covers foundational literacy skills, collaborative listening and speaking, and language function and construction

Students can learn at their own pace and review anytime by accessing the course on any computer or mobile device.

- Curriculum aligned with latest ELD standards, including CA 2012, WIDA and TEKS
- Developed by a National Board-certified ELD educator
- Engaging video instruction together with interactive practice exercises
- Downloadable lessons and activity sheets
- Reporting for teachers and administrators to monitor progress

“This program provides our HS and MS newcomers with a high-quality, age-appropriate resource for learning English.”

— Edmond Public Schools

COMPREHENSIVE STANDARDS-BASED CURRICULUM FOR EMERGING LEVEL LEARNERS

The Language Tree Online ELD 1 program consists of standards-based formative assessment, three standards-based lesson modules, a summative assessment and a unique acculturation component to help students adapt to school in America.

Each online lesson is accompanied by downloadable instructional materials and activity sheets for teachers to use in whole class or small group language practice.
